

## EEMUA Publications Catalogue

EEMUA publications can be purchased online at <https://www.eemua.org/new-shop>. Alternatively, please contact EEMUA by telephone +44 (0)20 7488 0801 or by e-mail: [sales@eemua.org](mailto:sales@eemua.org)

Most EEMUA publications can be purchased as a digital version. We also offer some publications as a print version. Please see listings below for more details.

### Automation, Control, Electrical

- 246 Guidelines for managing ignition risk by inspection of Ex electrical equipment in hazardous areas (including support of IEC 60079-17)  
[Print version](#)
- 242 Proof testing good practice for Instrumented protective systems  
[Digital version](#)
- 241 Guidance on the presence and operation of portable self-energised electrical / electronic devices In potentially explosive atmospheres (gas and dust)  
[Print version](#)      [Digital version](#)
- 227 Management of ageing electrical assets  
[Print version](#)      [Digital version](#)
- 226 Design and installation of on-line analyser systems: a guide to technical enquiry and bid evaluation  
[Digital version](#)
- 222 Guide to the application of IEC 61511 to safety instrumented systems in the process industries  
[Digital version](#)
- 214 Toolbox Guide: Electrical installation, inspection and maintenance in potentially explosive atmospheres – Available to purchase from CompEx™ only, by email  
[CompexAdmin@jtltraining.com](mailto:CompexAdmin@jtltraining.com)
- 209 Guide to the development and implementation of on-line analyser applications  
[Digital version](#)
- 201 Control rooms: a guide to their specification, design, commissioning and operation  
[Print version](#)      [Digital version](#)
- 191 Alarm systems - a guide to design, management and procurement  
[Print version](#)      [Digital version](#)
- 187 Analyser systems - a guide to maintenance management  
[Digital version](#)
- 186 Practitioner's Handbook for potentially explosive atmospheres  
[Print version](#)      [Digital version](#)

175 Code of Practice for calibration and validation of process analysers  
[Digital version](#)

138 Design and installation of on-line analyser systems  
[Digital version](#)

### **Engineering, Procurement, Construction**

235 Guidance on PWHT for P1 CMn steels  
[Digital version](#)

234 90/10 Copper nickel alloy piping for offshore applications (Specification)  
[Digital version](#)

224 A guide to risk-based procurement  
[Digital version](#)

218 Quality requirements for the manufacture and supply of duplex stainless steels  
[Digital version](#)

215 Industrial cooling tower fans and fin fans - Guide for design, maintenance and operation  
[Digital version](#)

211 Guidance on the specification of pressure vessels  
[Digital version](#)

197 Specification for the fabrication of non-primary structural steelwork for offshore installations  
[Digital version](#)

194 Guide to materials selection and corrosion control for subsea energy equipment  
[Print version](#)      [Digital version](#)

192 Guide for the procurement of valves for low temperature (non cryogenic) service  
[Digital version](#)

185 Guide for hot tapping on piping and other equipment  
[Digital version](#)

179 A working guide for carbon steel equipment in wet H<sub>2</sub>S service  
[Digital version](#)

176 Specification for structural castings for use offshore  
[Digital version](#)

161 Guide to the selection and assessment of silencers and acoustic enclosures  
[Digital version](#)

158 Construction specification for fixed offshore structures  
[Digital version](#)

- 154 Guidance to owners on demolition of vertical cylindrical steel storage tanks and storage spheres  
[Digital version](#)
- 149 Code of Practice for the identification and checking of materials of construction in pressure systems in process plants  
[Digital version](#)
- 143 Recommendations for tube end welding: Tubular heat transfer equipment Part 1 - Ferrous materials  
[Digital version](#)
- 141 A Guide to the use of EEMUA 140 Noise procedure Specification  
[Digital version](#)
- 140 Noise procedure Specification  
[Digital version](#)
- 133 Specification for underground armoured cable protected against solvent penetration and corrosive attack  
[Digital version](#)
- 105 Factory stairways, ladders and handrails (including access platforms and ramps)  
[Print version](#) [Digital version](#)
- 104 Noise: A guide to information required from equipment vendors  
[Digital version](#)
- 101 Lifting points - a design guide  
[Digital version](#)
- EEMUA Publications Bundle Control of noise in equipment and plant – EEMUA 140, 141, 161  
[Digital version](#)

### **Equipment Operation & Maintenance**

- 251 UK Pressure Equipment - A guide to the interpretation of the Pressure Equipment (Safety) Regulations 2016  
[Digital version](#)
- 250 Guide to the management of pressure equipment defined-life repairs  
[Digital version](#)
- 243 Guide to mechanical connector selection and lifecycle  
[Digital version](#)
- 236 Risk management of legacy systems with potential for excess overpressure  
[Digital version](#)
- 230 Ageing rotating equipment - a guide to maintenance and operation  
[Digital version](#)

- 223 Pressure equipment testing after repair, modifications or re-rating: a guide to the Pressure Test Waiver  
[Digital version](#)
- 208 Guide to life-cycle management of pressure relief systems  
[Digital version](#)
- 205 A Guide to the production testing of valves for the energy, process and related industries  
[Digital version](#)
- 200 Guide to the specification, installation and maintenance of spring supports for piping  
[Digital version](#)
- 199 On-line leak sealing of piping: Guide to safety considerations  
[Digital version](#)
- 188 Guide for establishing operating periods of safety valves  
[Digital version](#)
- 185 Guide for hot tapping on piping and other equipment  
[Digital version](#)
- 184 Guide to the isolation of pressure relieving devices  
[Digital version](#)
- 182 Specification for integral block and bleed valve manifolds for direct connection to pipework  
[Digital version](#)
- 177 Guide to the UK Pressure System Safety Regulations (2000)  
[Digital version](#)
- 168 Guide to pressure testing of equipment  
[Digital version](#)
- 151 Liquid ring vacuum pumps and compressors  
[Digital version](#)

### **Inspection and Integrity Management**

- 249 Factors to consider when managing the mechanical integrity of dead-legs on industrial facilities  
[Digital version](#)
- 248 A guide to the information to be supplied to the PSSR competent person for drawing-up a written scheme of examination  
[Digital version](#)
- 240 Factors to consider when managing High Temperature Hydrogen Attack on petroleum and chemical facilities  
[Digital version](#)

- 238 A guide to civil, structural and building asset management in process, industrial and production environments  
[Digital version](#)
- 237 Pressure Equipment Directive: Global conformity assessment - a guide to site installed assemblies  
[Digital version](#)
- 232 Specifying, procuring and managing third party inspection services  
[Digital version](#)
- 231 The mechanical integrity of plant containing hazardous substances - a guide to periodic examination and testing  
[Print version](#)      [Digital version](#)
- 206 Risk Based Inspection - a guide to effective use of the RBI process  
[Digital version](#)
- 193 Managing competence assurance for personnel undertaking in-service inspection of pressure equipment  
[Digital version](#)
- 181 A guide to risk based assessments of in-situ large Ex 'e' and Ex 'N' machines  
[Digital version](#)
- 159 Above ground flat bottomed storage tanks - a guide to inspection, maintenance and repair  
[Print version](#)      [Digital version](#)
- 149 Code of Practice for the identification and checking of materials of construction in pressure systems in process plants  
[Digital version](#)

### **Storage and Distribution**

- 247 Statistical analysis of in-service tank floor inspections  
[Digital version](#)
- 244 Above ground horizontal rectangular metallic storage tanks - a guide to their specification, installation, commissioning, inspection, maintenance, repair and disposal  
[Digital version](#)
- 225 Above ground plastic tanks: a guide to their specification, installation, commissioning, inspection, maintenance, repair and disposal  
[Digital version](#)
- 217 Safe and effective operation of storage tanks  
[Digital version](#)
- 213 Emission reduction from oil storage tanks and loading operations  
[Digital version](#)

- 207 Double concrete tanks for liquefied gas – guide to design, construction and operation  
[Digital version](#)
- 190 Guide for the design, construction and use of mounded horizontal cylindrical steel vessels for pressurised storage of LPG at ambient temperatures  
[Digital version](#)
- 183 Prevention of tank bottom leakage - a guide for the design and repair of foundations and bottoms of vertical, cylindrical, steel storage tanks  
[Digital version](#)
- 180 Frangible roof joints for fixed roof storage tanks: Guide for designers and users  
[Digital version](#)
- 159 Above ground flat bottomed storage tanks - a guide to inspection, maintenance and repair  
[Print version](#)      [Digital version](#)
- 147 Recommendations for refrigerated liquefied gas storage tanks  
[Digital version](#)
